DETAILED ACTION

This Office Action is in response to the amendments and remarks filed on 4/8/2010. The rejection of claims 1-9 in the previous Office Action under 35 U.S.C. 112, 1st paragraph has been withdrawn in light of the remarks.

Allowable Subject Matter

1. Claims 1-9 are allowed.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on 6/23/2010 was filed after the filing date of the application. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Statement of Reasons for Allowance

The prior art does not anticipate nor render obvious to combination set forth in the independent claims. Although many of the structural elements recited in the independent claims are well known as evidenced by the prior art of record, it would not have been obvious to arrange the structure as required by the claims without impermissible hindsight. For example, Ghoshal (US 6474074) teaches in Fig. 7B the general concept of having first and second heat pipes (770 and 780) extending in opposite directions from an upper plate and a lower plate of a thermoelectric cooler (TEC). However, it would not have been obvious to arrange this assembly in a housing as specifically recited in the independent claims. Furthermore, since the Applicant teaches that there is criticality to this specific arrangement (in order to make the unit more

compact) it would not have been an obvious matter of design choice to arrange the assembly taught by Ghoshal in a housing as specifically claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
